Subject: Letter from the House Committee on Energy and Commerce

OSRE was asked to respond to certian questions in a June 19th Letter from the House Cmte. on Energy and Commerce. Though the questions are not clearly drafted, our answers discuss Pavillion and Dimock. Therefore, we'd like you to review our draft response and provide any edits or comments.

Please note that our draft answers are largely based on the materials circulated last week in preparation for Congressional hearings. Also, these draft answers have not been circulated beyond our office and surely will be before being finalized. In other words -- these are very early drafts and as such probably do not need upper management review in your regions.

These are on a short deadline (due by noon, Thursday) so we appreciate your quick attention to this matter.

Thanks,
Anne

Will do.

RSD: Let me know if there is a problem with responding to 3 (c) and (d) by noon June 27th. Thanks

Caroline,

Please see attached letter from the House Energy and Commerce Committee related to Hydraulic Fracturing and CERCLA authority. Can your office provide responses to 3 (c) and (d) **by noon June 28**? OGC is also looking at this. I will run the responses by Steve and Larry.

Thanks,

Caroline

Hi Pamela, I am adding Kevin Minoli who is now managing OGC work on oversight. We probably also need a contact in this group from each of the Regions with groundwater investigations. Have we identified those people?

All -

I forwarded a copy of this letter yesterday and have added OCSPP on the cc: list this morning. We need to turn this response around fairly quickly. This will be a joint EPA/Working Group response. The deadline on the letter requests response by June 28. However, we just received in the Agency on Tuesday, June 19th and we have a small amount of flexibility. ORD has taken the lead in crafting most of the responses, but we will need additional support from your offices. I ask that you please provide responses to me by noon on June 29th.

Douglas - Can OCSPP take the lead in responding to questions 2a and 2b?

Caroline and Marna - Can your offices coordinate responses to questions 3 c and 3d?

Thanks everyone.
